## ITAR & Export Compliance

S Massie Consulting provides export consulting, compliance programs, and training for you to navigate the complicated laws and regulations for U.S. exports.

### Increase Sales

ITAR Compliance allows you to obtain Government and defense contracts. Plus, with 70% of the world's wealth outside of the US, an effective export strategy can help boost sales and diversify income streams

### Manage Risk

Penalties for violating U.S. ITAR and export law include up to \$1.2m in fines and 20 years imprisonment per violation, loss of export privileges, and loss of Government contracts. We take the guess-work out of managing these risks.

### Full Training

Variety of Export Compliance Training Programs for all staff based on job position and export or ITAR involvement

### Fully Documented

Your ITAR and Export Compliance Program includes fully documented procedures, work-flow, and training materials tailored to your organization

### Save Time

Focus on your core business, and let us jump start your ITAR and export compliance program!
